

# Year 3 Topic

# Remote learning

This pack contains a project for you to complete this week & some extra ideas if you complete your project earlier than expected.

As we do 2 hours of PE a week, we have put some suggested PE ideas for you to complete at home as well, although please note these are not 2 hours worth.

## LO: To retrieve information about Ancient Rome

This week, you can complete a research project about Ancient Rome to answer the question:

# What did the Romans ever do for us?

The purpose of this activity is to find out what impact the Romans had on Britain when they invaded. You can use the websites and videos below to help you, as well as your own choice of research and you can decide how you would like to display your information. You could create a big poster, a mini book, a 3-D model with pop up facts, a PowerPoint. It is completely up to you! Bring in your finished project for your teacher to see 😊

# PE

Below are some suggested activities for PE at home. They are a variety of workouts to keep active. We hope you have fun with them 😊

## PSHE

This week you will find out who your teacher for Year 4 is. Your new teacher would like you to complete your part of the aspiration tree. On your aspiration leaf, write what you would like to achieve in Year 4 and bring it into school when you return.

You might:

- Want to know all of your times tables
- Want to get better at basketball or another sport in PE
- Want to practise more Art
